The EZ Comm

Say what you want! Communicate with speed and confidence using one of the fastest and most powerful communication systems available!

The EZ Comm device from Talk To Me Technologies is a popular, powerful, flexible communication system that is easy to use and understand. It is approved by Medicare, Medicaid and most private insurance programs.

The EZ Comm is an ideal communication solution for children and adults with communication difficulties resulting from ALS (Lou Gehrig's disease), Cerebral Palsy, Stroke, Brain Injury, Multiple Sclerosis, Muscular Dystrophy, Spinal Cord injury, Developmental Delays and many other similar conditions.

Powerful.

Powerful communication! Communicate with ease using an extensive collection of communication options ranging from very simple, symbol-based vocabulary sets to more advanced keyboards incorporating word and phrase prediction as well as core word and phrase-based pages. Much of the vocabulary content draws from and incorporates the research of Dr. David Beukelman, Dr. Diane Nelson-Bryen, Dr. Elizabeth K. Hanson and Barbara Collier.

Flexible.

The EZ Comm speech-generating device is extremely flexible and supports a wide range of access methods, communication skills and abilities for both kids and adults alike. With amazing, natural-sounding, text-to-speech voices from Acapela, users can be assured they are communicating with the best voices available. The modular, lightweight and portable design enables adaptability and flexibility across communication environments. The EZ Comm device can easily be mounted to a wheelchair, desk or over a bed.

Simple.

Very simple to customize and use! Following a quick and easy set up, users are ready to begin communicating within minutes. The EZ Comm device enables users to communicate using a range of powerful communication options and an easy-to-learn, intuitive interface. It's packed with many different options to meet a wide range of skills and abilities, yet it's easy to customize with personal phrases and messages, as well.
